Unlike selling your valuables at an auction, or leaving them at a consignment shop, **THE PRICE WE QUOTE IS THE PRICE WE PAY, IMMEDIATELY.** We don't take weeks or months to sell your item(s) and then pay you a percentage of the selling price. Most people who inherit valuables don't know where to go to have them evaluated. We have the expertise and knowledge to purchase these items. There is never any charge for our offer, nor are you obligated to sell. Don't make the mistake that your items are not good enough for us.
